

The Premise:

In 2104, David closed Captain Daniels' cryo chamber, presenting her realisation with an unimaginable horror. Setting a course for Origae-6, we can only imagine what he has in store for the remaining crew members and the [1,700?] colonists.

In 2179, Burke told Ellen Ripley she had no grandchildren. To ensure she accompanied the Colonial Marines to Hadley's Hope on LV-426, Burke hid a devastating truth.

We join Amanda Ripley's children as they lead their utopian life on Sion-Mecca-9, until...

Welcome to Purgatory.
